With Keygen Registration Code. rar. What have you done to fix this? On your other SQL Server, you have Visual Studio 2012 installed. The other SQL Server was installed on a Windows 7 machine, and your other PC is running Windows 10. It seems it's not running VS 2012, so it's not displaying the error. You say that the other SQL Server is installed on a Windows 7 machine. If that's true, then it won't display the error with Visual Studio
